RE: USP 6,992,180 to inventor Engelhardt

Dear Sir,

I respectfully request a reconstruction of a missing page from the file history of USP 6,992,180. The official PTO file, as available via the PAIR database, is missing page 9 of the applicant's response filed December 20, 1996. Since this file was originally maintained in paper format by the USPTO, it's possible the missing page is present in the paper file.

Please contact me at 703 486 1150 to let me know when the reconstruction is complete. I can also be reached at this number if you have any questions or need further information.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Chris Robbins".
Chris Robbins
